The shouting and the tumult die;
The agents and chaffeurs depart,
And we go like a sacrifice
Back to the same old pouty cart.
But, oh, the car we could not get,
We can't forget, we can't, you bet.

A marriage license was granted at Covington Saturday to W. W. Kays, aged 24, of Bloomfield, Ky., and Miss Douglas Gordon, aged 21, of Mt. Carmel.

The second meeting for the formation of a High School Alumni Association will be held at the High School Building this evening at 7:30 o'clock. It is urged that every graduate of the school now residing in the city will be present. Surrounding towns much smaller than the city of Maysville have these Associations, and there is no reason why this place should not also have an Alumni of large membership.

WHY not allow CURT JETT and BEACH HARGIS to fight it out to a finish in the Pen?

NOW THAT CARRIE NATION has retired from the strenuous turf, will that other old woman, W. J. B., follow suit?

THE Flemingsburg Times-Democrat says: "BEACH HARGIS has got his and he can now join CURT JETT's Sunday-school class." What a princely pair of Penitentiary partners they will make.

THE statement that during the past month 25,000 Christians have been murdered by the Turks is received by the so-called Christian world very placidly, to say the least. This wholesale slaughter of a helpless people in this enlightened era appears to be the limit of passive submission to a murderous and fanatical sect who have reddened the pages of history with Christian blood.

THE reign of the law was never more triumphantly vindicated than when the Estill county Jury sentenced BEACH HARGIS to life imprisonment for the murder of his father. Hanging is too mild for this spoiled and drunken mountain upstart, but a life-term in the Pen will prove a work-house correction which will answer the purpose in a different form, but quite as well as hanging. He won't be there long, either, until he is killed or kills some one.

AUNT CARRIE NATION may have buried the hatchet, but we'll never feel entirely safe until we bury Aunt CARRIE herself.

MY friend, CHAMP CLARK, leader of minority in Congress, keeps reminding me of Lawyer Marks in the play of "Uncle Tom's Cabin"—he don't do anything but object.—Winchester Sun-Sentinel.

BR'ER DULEY, there is no smallpox in Maysville and hasn't been for several years. The last report grew out of a false rumor. A colored man had a "breaking out," but it proved to be only chickenpox. That's the best we can give you now if you want to take something. But, drop down and see us.

HENS have a poor eye for business. When eggs are highest they lay the fewest.—Winchester Sun-Sentinel.

And that reminds us, why is a hen? We think hens are the nicest kind of old ladies, and they are real cute, too, and show their common sense in not laying eggs when eggs are high. If they got extra busy when hen fruit was high, then eggs would drop down to a cent per. So "what's the use?" says the hen.

THE NEW CULT

Dress in White, Eat Nuts and Live a Thousand Years

Dr. John Fair, head of Boston's newest cult, the "New Life," is certain that he has discovered the secret of how to laugh at old age, and how to exist not only for a hundred but a thousand years without pain, evil or sickness. He says 250,000 people have enlisted under his banner. Here are his rules for living to be one thousand years old:

"Dress always in white. White is the prime principle of life. I believe there should be a universal law making it a crime for any person to go attired in black or dark apparel.

"Do not think of death, do not believe in death.

"Live principally upon vegetables and nuts. Abjure meat, milk, oil and flesh of all kinds, as well as all stimulants.

"Sleep eight hours daily, exercise eight hours and work eight hours.

"A man's most critical hour in the day is the thirty minutes before and after meals. He should absolutely stop work a half hour before each meal, and must not resume work until a half hour after each meal.

"Each person should be alone for a half hour each day, not necessarily to sleep, but to get his mind in a condition of natural and perfect repose.

"Sleep with your bedroom window open every night all your life time. Always have a draught in your room.

"A daily menu I would suggest would be as follows:

"Breakfast—Honey, toast, rarely coffee and at long intervals an egg.

"Dinner—A bowl of soup made from nuts or

celery or potatoes, preferably nuts; an apple or orange, with, for variety, lettuce or radishes; brown bread, fruit.

"Supper—Apple pie, fruit.

"I offer to everyone who accepts my faith not a hundred or two hundred, but even a thousand more years of life if it is desired."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. WOMEN ARE VICTIMS

Indoor Life And Lack Of Exercise Cause Piles

More women than men have piles. It is because they take so little outdoor exercise and are so often constipated. There is a stagnation of blood in the lower bowel, and no amount of cutting or treatment with ointments and suppositories will remove this cause.

Dr. Leonhardt's Hem-Roid, an internal, tablet medicine, will permanently cure any case of piles, removing the cause. Price, \$1 at J. James Wood & Son's, Maysville Ky. Fully guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

U. S. Supreme Court Upholds Commodities Clause of the Hepburn Rate Bill.

WASHINGTON, May 3d.—The Supreme Court of the United States handed down a decision which is of great business import. It is held that the commodities clause of the Hepburn Act is a regulation of commerce which Congress had the right to enact.

The decision was unanimous, except Justice Harlan dissented on the stock feature.

The Government charged that the railroad companies in question were engaged in transporting anthracite coal mined by themselves in their own mines, which are located in Pennsylvania.

The Hepburn Act makes it unlawful for any railroad company to transport from any State to any other State any commodity owned by itself except for its own use.

The Circuit Court decided against the constitutionality of the provision, because, as it was alleged, it deprives the corporations of their liberty and of property. This decision is reversed.

Don't Make a Mock-Sacrifice

The duty of dressing well is, primarily, a business one. Secondly, it is a question of self-respect and good taste. No worth-while consideration urges for carelessness in dress. It is not "economy," it is not "self-sacrifice" for one's family, for it would be a mock sacrifice; it is not to be condoned on the plea that one is "too busy" with more important things, for there are not many things more important.

BURDENS LIFTED

From Maysville Backs—Relief Proved By Lapse of Time.

Backache is a heavy burden; Nervousness wears one out; Rheumatic pain; urinary ills; All are kidney burdens—Daily effects of kidney weakness. No use to cure the symptoms; Relief is but temporary if the cause remains. Cure the kidneys and you cure the cause. Relief comes quickly—comes to stay. Doan's Kidney Pills cure kidney ills. Prove it by your neighbor's case. Here's Maysville testimony: The story of a permanent cure: William H. Paul, 333 East Third street, Maysville, Ky., says:

"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon brought me relief. I cheerfully endorse this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been lasting and I am now in good health."

MYSTERY

Surrounds the Death of Eddie Parker—Apparently in Good Health When Stricken

Eddie Parker, who, for the past five years, has been employed as cook at Miss Anna Wallace's restaurant in Market street, was taken suddenly ill last night at 10 o'clock and died within twenty minutes.

At the time he was stricken he was engaged in preparing a lunch in the kitchen for a customer, when he fell over on a table in a dying condition.

Miss Wallace's attention was attracted by the noise and on discovering his condition immediately summoned aid and physicians.

He complained of pain in the stomach and his death indicated poisoning of some kind, it is alleged.

Young Parker was the main support of a widowed mother, and is spoken of as a good hand by his employer.

Coroner Drasel's verdict was that the young man met his death from an unknown cause.

The funeral will take place tomorrow afternoon at 2 o'clock from his late home in January street, with services by the Rev. Roger Clark of the Christian Church.

Interment in Maysville Cemetery.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
